

**NGPC Consideration of GAC Beijing Advice
3 July 2013**

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
1. 2013-04-11-Obj-Africa (Communiqué §1.a.i.1)	The GAC Advises the ICANN Board that the GAC has reached consensus on GAC Objection Advice according to Module 3.1 part I of the Applicant Guidebook on the following application: .africa (Application number 1-1165-42560)	Accept	<ul style="list-style-type: none"> • Applicant was permitted to withdraw or seek relief according to ICANN's accountability mechanisms subject to the appropriate standing and procedural requirements. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-04jun13-en.htm and http://www.icann.org/en/groups/board/documents/new-gtld-resolution-annex-1-04jun13-en.pdf.
2. 2013-04-11-Obj-GCC (Communiqué §1.a.i.2)	The GAC Advises the ICANN Board that the GAC has reached consensus on GAC Objection Advice according to Module 3.1 part I of the Applicant Guidebook on the following application: .gcc (application number: 1-1936-2101)	Accept	<ul style="list-style-type: none"> • Applicant was permitted to withdraw or seek relief according to ICANN's accountability mechanisms subject to the appropriate standing and procedural requirements. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-04jun13-en.htm and http://www.icann.org/en/groups/board/documents/new-gtld-resolution-annex-1-04jun13-en.pdf.

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
<p>3. 2103-04-11-Religious Terms (Communiqué §1.a.ii)</p>	<p>The GAC Advises the Board that with regard to Module 3.1 part II of the Applicant Guidebook, the GAC recognizes that Religious terms are sensitive issues. Some GAC members have raised sensitivities on the applications that relate to Islamic terms, specifically .islam and .halal. The GAC members concerned have noted that the applications for .islam and .halal lack community involvement and support. It is the view of these GAC members that these applications should not proceed.</p>	<p>Accept</p>	<ul style="list-style-type: none"> • Pursuant to the requirements of Section 3.1.ii of the AGB, NGPC and GAC members will enter into a dialogue on this matter in Durban. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-04jun13-en.htm and http://www.icann.org/en/groups/board/documents/new-gtld-resolution-annex-1-04jun13-en.pdf.

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
4. 2013-04-11-gTLDStrings (Communiqué §1.c)	In addition to this safeguard advice, the GAC has identified certain gTLD strings where further GAC consideration may be warranted, including at the GAC meetings to be held in Durban. Consequently, the GAC advises the ICANN Board to not proceed beyond Initial Evaluation with the following strings : .shenzhen (IDN in Chinese), .persiangulf, .guangzhou (IDN in Chinese), .amazon (and IDNs in Japanese and Chinese), .patagonia, .date, .spa, .yun, .thai, .zulu, .wine, .vin	Accept	<ul style="list-style-type: none"> • ICANN has allowed evaluation and dispute resolution processes to go forward, but will not enter into registry agreements with applicants for the identified strings for now. • NGPC expects GAC to consider these applications further in Durban. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-04jun13-en.htm and http://www.icann.org/en/groups/board/documents/new-gtld-resolution-annex-1-04jun13-en.pdf.
5. Request for Written Briefing (Communiqué §1.d)	The GAC requests a written briefing about the ability of an applicant to change the string applied for in order to address concerns raised by a GAC Member and to identify a mutually acceptable solution.	Provided	Written briefing provided at https://gacweb.icann.org/download/attachments/28278832/NGPC%20corecard%20of%201As%20Regarding%20Non-%C2%ADSAguard%20Advice%20in%20the%20GAC%20Beijing%20Communique%CC%81.pdf?version=1&modificationDate=1372384291000&pi=v2 .

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
6. 2013-04-11-CommunitySupport (Communiqué §1.e)	The GAC advises the Board that in those cases where a community, which is clearly impacted by a set of new gTLD applications in contention, has expressed a collective and clear opinion on those applications, such opinion should be duly taken into account, together with all other relevant information.	Accept	<ul style="list-style-type: none"> • Criterion 4 for the Community Priority Evaluation process takes into account "community support and/or opposition to the application" in determining whether to award priority to a community application in a contention set. • If a contention set is not resolved by the applicants or through a community priority evaluation then ICANN will utilize an auction as the objective method for resolving the contention. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-04jun13-en.htm and http://www.icann.org/en/groups/board/documents/new-gtld-resolution-annex-1-04jun13-en.pdf.
7. 2013-04-11-PluralStrings (Communiqué §1.f)	The GAC believes that singular and plural versions of the string as a TLD could lead to potential consumer confusion. Therefore the GAC advises the Board to reconsider its decision to allow singular and plural versions of the same strings.	Accept	<ul style="list-style-type: none"> • After careful consideration of the issues, review of the comments raised by the community, the process documents of the expert review panels, and deliberations by the NGPC, the NGPC determined that no changes to the ABG are needed to address potential consumer confusion specifically resulting from allowing singular and plural versions of the same strings. • The NGPC considered several significant factors during its deliberations about whether to allow singular and plural version of the same strings. The NGPC had to balance the competing interests of each factor to arrive at a decision. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-25jun13-en.htm#2.d.

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
8. 2013-04-11-IGO (Communiqué §1.g)	GAC reiterates its advice to the ICANN Board that appropriate preventative initial protection for the IGO names and acronyms on the provided list be in place before any new gTLDs would launch.	Dialogue	<ul style="list-style-type: none"> • The New gTLD Registry Agreement will require operators to provide appropriate preventative initial protection for the IGO identifiers. These protections will remain in place while the GAC, NGPC, ICANN Staff and community continue to actively work through outstanding implementation issues. • If the NGPC and GAC do not reach an agreement on outstanding implementation issues for protecting IGO names and acronyms by the first meeting of the NGPC following the ICANN 47 meeting in Durban, and subject to any matters that arise during the discussions, registry operators will be required to protect only the IGO names (and not the acronyms) identified on the GAC's IGO List. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-02july13-en.htm.
9. 2013-04-11-RAA (Communiqué §2)	The GAC advises the ICANN Board that the 2013 Registrar Accreditation Agreement should be finalized before any new gTLD contracts are approved.	Accept	<ul style="list-style-type: none"> • The Board approved the 2013 RAA at its 27 June 2013 Meeting. • The 2013 RAA requires all new gTLD registries to only use 2013 RAA registrars. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-04jun13-en.htm and http://www.icann.org/en/groups/board/documents/new-gtld-resolution-annex-1-04jun13-en.pdf
10. 2013-04-11-WHOIS (Communiqué §3)	The GAC urges the ICANN Board to ensure that the GAC Principles Regarding gTLD WHOIS Services, approved in 2007, are duly taken into account by the recently established Directory Services Expert Working Group.	Accept	<ul style="list-style-type: none"> • The GAC Principles have been shared with the Expert Working Group. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-04jun13-en.htm and http://www.icann.org/en/groups/board/documents/new-gtld-resolution-annex-1-04jun13-en.pdf

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
11. 2013-04-11-IOCRC (Communiqué §4)	The GAC advises the ICANN Board to amend the provisions in the new gTLD Registry Agreement pertaining to the IOC/RCRC names to confirm that the protections will be made permanent prior to the delegation of any new gTLDs.	Accept	<ul style="list-style-type: none"> • The NGPC accepted the GAC advice. • The Registry Agreement includes protection for an indefinite duration for IOC/RCRC names. Specification 5 of this version of the Registry Agreement includes a list of names (provided by the IOC and RCRC Movement) that "shall be withheld from registration or allocated to Registry Operator at the second level within the TLD." • This protection was added pursuant to a NGPC resolution to maintain these protections "until such time as a policy is adopted that may require further action" (204.11.26.NG03). • The resolution recognized the GNSO's initiation of an expedited PDP. Until such time as the GNSO approves recommendations in the PDP and the Board adopts them, the NGPC's resolutions protecting IOC/RCRC names will remain in place. • Should the GNSO submit any recommendations on this topic, the NGPC will confer with the GAC prior to taking action on any such recommendations. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-04jun13-en.htm and http://www.icann.org/en/groups/board/documents/new-gtld-resolution-annex-1-04jun13-en.pdf
12. 2013-04-11-PIC SPEC (Communiqué §5, Annex 2)	The GAC requests more information on the Public Interest Commitments Specifications on the basis of the questions listed in annex II.	Provided	NGPC responses to the Annex 2 questions available at https://gacweb.icann.org/display/GACADV/2013-04-11-PICSPEC

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
<p>13. 2013-04-11-Safeguards 1 (Communiqué Annex 1, 1)</p>	<p>1. WHOIS verification and checks —Registry operators will conduct checks on a statistically significant basis to identify registrations in its gTLD with deliberately false, inaccurate or incomplete WHOIS data at least twice a year. Registry operators will weight the sample towards registrars with the highest percentages of deliberately false, inaccurate or incomplete records in the previous checks. Registry operators will notify the relevant registrar of any inaccurate or incomplete records identified during the checks, triggering the registrar’s obligation to solicit accurate and complete information from the registrant.</p>	<p>Accept</p>	<ul style="list-style-type: none"> • ICANN (instead of Registry Operators) will implement the GAC’s advice that checks identifying registrations in a gTLD with deliberately false, inaccurate or incomplete WHOIS data be conducted at least twice a year. • ICANN will perform a periodic sampling of WHOIS data across registries in an effort to identify potentially inaccurate records. • ICANN will also maintain statistical reports that identify the number of inaccurate WHOIS records identified. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-25jun13-en.htm#2.b.

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
14. 2013-04-11-Safeguards 2 (Communiqué Annex 1, 2)	2. Mitigating abusive activity—Registry operators will ensure that terms of use for registrants include prohibitions against the distribution of malware, operation of botnets, phishing, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or otherwise engaging in activity contrary to applicable law.	Accept	<ul style="list-style-type: none"> <li data-bbox="947 224 1934 630">• A provision in the proposed New gTLD Registry Agreement (as a mandatory Public Interest Commitment in Specification 11) obligates Registry Operators to include a provision in their Registry-Registrar Agreements that requires Registrars to include in their Registration Agreements a provision prohibiting Registered Name Holders from distributing malware, abusively operating botnets, phishing, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or otherwise engaging in activity contrary to applicable law, and providing (consistent with applicable law and any related procedures) consequences for such activities including suspension of the domain name. <li data-bbox="947 634 1934 699">• See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-25jun13-en.htm#2.b.

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
<p>15. 2013-04-11-Safeguards 3 (Communiqué Annex 1, 3)</p>	<p>3. Security checks— While respecting privacy and confidentiality, Registry operators will periodically conduct a technical analysis to assess whether domains in its gTLD are being used to perpetrate security threats, such as pharming, phishing, malware, and botnets. If Registry operator identifies security risks that pose an actual risk of harm, Registry operator will notify the relevant registrar and, if the registrar does not take immediate action, suspend the domain name until the matter is resolved.</p>	<p>Accept</p>	<ul style="list-style-type: none"> • A provision in the New gTLD Registry Agreement (as a mandatory Public Interest Commitment in Specification 11) requires Registry Operators periodically to conduct a technical analysis to assess whether domains in its gTLD are being used to perpetrate security threats, such as pharming, phishing, malware, and botnets. • The provision also requires Registry Operators to maintain statistical reports on the number of security threats identified and the actions taken as a result of the periodic security checks. Registry Operators will maintain these reports for the agreed contracted period and provide them to ICANN upon request. The contents of the reports will be publically available as appropriate. • Because there are multiple ways for a Registry Operator to implement the required security checks, ICANN will solicit community participation (including conferring with the GAC) in a task force or through a policy development process in the GNSO, as appropriate, to develop the framework for Registry Operators to respond to identified security risks that pose an actual risk of harm, notification procedures, and appropriate consequences, including a process for suspending domain names until the matter is resolved, while respecting privacy and confidentiality. • The language included in Paragraph 3 of the attached PIC Specification provides the general guidelines for what Registry Operators must do, but omits the specific details from the contractual language to allow for the future development and evolution of the parameters for conducting security checks. This will permit Registry Operators to enter into agreements as soon as possible, while allowing for a careful and fulsome consideration by the community on the implementation details. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-25jun13-en.htm#2.b.

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
16. 2013-04-11-Safeguards 4 (Communique Annex 1, 4)	4. Documentation— Registry operators will maintain statistical reports that provide the number of inaccurate WHOIS records or security threats identified and actions taken as a result of its periodic WHOIS and security checks. Registry operators will maintain these reports for the agreed contracted period and provide them to ICANN upon request in connection with contractual obligations.	Accept	<ul style="list-style-type: none"> • As detailed in item 13 above, ICANN will maintain statistical reports that identify the number of inaccurate WHOIS records identified as part of the checks to identify registrations with deliberately false, inaccurate or incomplete WHOIS data. • As detailed in item 15 above, Registry Operators will be required to maintain statistical reports on the number of security threats identified and the actions taken as a result of the periodic security checks. • Registry Operators will maintain these reports for the agreed contracted period and provide them to ICANN upon request. The contents of the reports will be publically available as appropriate. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-25jun13-en.htm#2.b.

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
17. 2013-04-11-Safeguards 5 (Communique Annex 1, 5)	5. Making and Handling Complaints – Registry operators will ensure that there is a mechanism for making complaints to the registry operator that the WHOIS information is inaccurate or that the domain name registration is being used to facilitate or promote malware, operation of botnets, phishing, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or otherwise engaging in activity contrary to applicable law.	Accept	<ul style="list-style-type: none"> • Registry Operators are required to ensure that there is a mechanism for making complaints to the Registry Operator regarding malicious conduct in the TLD. • Section 4.1 of Specification 6 of the New gTLD Registry Agreement provides that, “Registry Operator shall provide to ICANN and publish on its website its accurate contact details including a valid email and mailing address as well as a primary contact for handling inquires related to malicious conduct in the TLD, and will provide ICANN with prompt notice of any changes to such contact details.” • Section 2.8 of the New gTLD Registry Agreement provides that a, “Registry Operator shall take reasonable steps to investigate and respond to any reports from law enforcement and governmental and quasi-governmental agencies of illegal conduct in connection with the use of the TLD.” • ICANN operates the WHOIS Data Problem Reports System <http://www.icann.org/en/resources/compliance/complaints/whois/inaccuracy-form>, which is a mechanism for making complaints that WHOIS information is inaccurate. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-25jun13-en.htm#2.b.

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
18. 2013-04-11-Safeguards-6 (Communiqué Annex 1, 6)	6. Consequences – Consistent with applicable law and any related procedures, registry operators shall ensure that there are real and immediate consequences for the demonstrated provision of false WHOIS information and violations of the requirement that the domain name should not be used in breach of applicable law; these consequences should include suspension of the domain name.	Accept	<ul style="list-style-type: none"> • Consequences for the demonstrated provision of false WHOIS information are set forth in Section 3.7.7.2 of the 2013 RAA http://www.icann.org/en/resources/registrars/raa/proposed-agreement-22apr13-en.pdf: “A Registered Name Holder's willful provision of inaccurate or unreliable information, its willful failure to update information provided to Registrar within seven (7) days of any change, or its failure to respond for over fifteen (15) days to inquiries by Registrar concerning the accuracy of contact details associated with the Registered Name Holder's registration shall constitute a material breach of the Registered Name Holder-registrar contract and be a basis for suspension and/or cancellation of the Registered Name registration.” • Paragraph 1 of the PIC Specification includes a requirement that Registry Operator will use only ICANN accredited registrars that are party to the 2013 RAA so that these consequences are contractually required. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-25jun13-en.htm#2.b.
19. 2013-04-11-Safeguards-Categories-1 (Communiqué Annex 1, Category 1, 1)	1. Registry operators will include in its acceptable use policy that registrants comply with all applicable laws, including those that relate to privacy, data collection, consumer protection (including in relation to misleading and deceptive conduct), fair lending, debt collection, organic farming, disclosure of data, and financial disclosures.	Dialogue	<ul style="list-style-type: none"> • After considering the community comments, the NGPC decided to begin a dialogue with the GAC during the ICANN Meeting in Durban to clarify the scope of the requirements provided in the Category 1 Safeguard Advice. The dialogue with the GAC on Category 1 will also include discussion of GAC's Category 2.1 Safeguard Advice regarding "Restricted Access" since that advice applies to the strings listed under Category 1. Pending the dialogue with the GAC, staff will defer moving forward with the contracting process for applicants who have applied for TLD strings listed in the GAC's Category 1 Safeguard Advice. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-02july13-en.htm.

GAC Register #	Summary of GAC Advice	NGPC Position	NGPC Response
20. 2013-04-11-Safeguards-Categories-1 (Communiqué Annex 1, Category 1, 2)	2. Registry operators will require registrars at the time of registration to notify registrants of this requirement.	Dialogue	<ul style="list-style-type: none"> • After considering the community comments, the NGPC decided to begin a dialogue with the GAC during the ICANN Meeting in Durban to clarify the scope of the requirements provided in the Category 1 Safeguard Advice. The dialogue with the GAC on Category 1 will also include discussion of GAC's Category 2.1 Safeguard Advice regarding "Restricted Access" since that advice applies to the strings listed under Category 1. Pending the dialogue with the GAC, staff will defer moving forward with the contracting process for applicants who have applied for TLD strings listed in the GAC's Category 1 Safeguard Advice. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-02july13-en.htm.
21. 2013-04-11-Safeguards-Categories-1 (Communiqué Annex 1, Category 1, 3)	3. Registry operators will require that registrants who collect and maintain sensitive health and financial data implement reasonable and appropriate security measures commensurate with the offering of those services, as defined by applicable law and recognized industry standards.	Dialogue	<ul style="list-style-type: none"> • After considering the community comments, the NGPC decided to begin a dialogue with the GAC during the ICANN Meeting in Durban to clarify the scope of the requirements provided in the Category 1 Safeguard Advice. The dialogue with the GAC on Category 1 will also include discussion of GAC's Category 2.1 Safeguard Advice regarding "Restricted Access" since that advice applies to the strings listed under Category 1. Pending the dialogue with the GAC, staff will defer moving forward with the contracting process for applicants who have applied for TLD strings listed in the GAC's Category 1 Safeguard Advice. • See http://www.icann.org/en/groups/board/documents/resolutions-new-gtld-02july13-en.htm.
